

Transport FAQs

How can I apply for College Transport to the Preston Centre?

Bus pass applications can now be accessed from My Student Portal.

Is there any help towards the cost of travel?

- If household income is less than £35,000 for FE students and £25,000 for HE students, then you can apply to the College Bursary for help towards travel costs.
- You can access the Bursary Application via My Student Portal. If you apply to the Bursary for help towards travel costs, you DO NOT need to complete the bus pass application as well.

I had a Stagecoach 40/41 pass last year, why can't I have that pass again this year?

- If you had a Stagecoach 40/41 or Stagecoach South pass last year, we will now issue one pass, 'Stagecoach'. These are Gold Zone tickets, allowing students to access all 'Stagecoach Cumbria and North Lancs' and 'Merseyside and South Lancs' services.'
- This gives students greater flexibility and a wider range of travel options on evenings and weekends during term time.

I have withdrawn from my course, can I have a refund on my bus pass?

- If you withdraw from your course, you must return your bus pass to the Finance Office. Once returned, we will then calculate the cost of the bus pass up to its return and advise you if any refund is due. **N.B.** The same process applies if the student gains a driving licence and can drive to campus rather than use the bus services.
