

Guidance for students:

If you have been offered an examination during resit week (w/c August 5th, 2024), you should have received a reassessment notification by email. If you are unsure about the exams you are expected to take, please contact your course tutor, module tutor or curriculum area manager (remembering that some staff are on annual leave, so may not reply immediately).

If you are sitting an exam in the main exam hall, please arrive at the HE centre ground floor area no later than 15 minutes before your published examination start time.

If you have approved examination arrangements requiring a separate or shared room, please arrive at the HE café area no later than 15 minutes before your published examination start time.
