

# MyCampus

## Accommodation at Myerscough

Our Student Accommodation Team will be on hand for tours of the residential facilities at various points of the day. Call in to see them during the day in our Student Hub (opposite Richmonds) to arrange a tour.

## Careers Zone

Not sure what your next move is? Why not drop into our Careers Zone directly opposite Richmonds for a chat with one of our Careers Team!

## Myerscough Catering Services

We have various catering facilities open throughout the day including our fabulous Richmond's Restaurant.

## Library and Laboratories

Our College Library is open all day so please feel free to drop in at any point. The College Laboratories can be discussed and viewed within subject tours.

## Toilets

Both mens and ladies toilets are positioned in the entrance foyer area outside Richmonds Restaurant. Additional toilets are available in most buildings throughout campus.

## UCLan Partnership

Myerscough College and University Centre is an Associate School of the University of Central Lancashire (UCLan), a dynamic, vibrant and contemporary university located in Preston city centre. UCLan is one of the largest universities in the UK with worldleading and internationally excellent research areas. It offers a wide range of undergraduate and postgraduate courses. Ask us about the benefits of our partnership!

## For all the latest news and information...

For all the latest news, student success stories and developments at Myerscough College keep in touch with us. The main College Facebook page can be found by searching for Myerscough College and the main College Twitter feed is @MyerscoughColl. Many of our subject areas also have additional subject specific Facebook and Twitter pages.

You can also use our College Live Chat and Messenger on the website for additional support and information.

## Myerscough's higher education programmes rated Silver by Teaching Excellence Framework!

## Apply Now!

Applications are open for all courses for September 2025 entry. You can apply for 'school leaver' college courses online, via the Myerscough website, or complete a paper application form. All our University Centre degree courses can be applied for via the UCAS Hub website.

## Job Vacancies at Myerscough

Chat to our HR team (based in Richmonds Restaurant) about the range of full-time and part-time vacancies available here at Myerscough, and across our other North-West centres.

## Level 3 Core Maths

Core Maths is a practical course, ideal for those students starting at Myerscough in September who possess a good GCSE pass. It provides the maths skills needed for higher education, employment and the personal finance of everyday life.

The intention is that students can study Core Maths alongside any of our Level 3 programmes. It often gives an edge for Higher Education, with universities valuing the 'soft' skills of judgement and reasoning that Core Maths develops. It is also worth up to 20 UCAS points (the same as an AS level).

Topics include personal finance, estimation and modelling, critical analysis, project management, data sampling and statistical skills. Find out more from our Maths and English Team, based in Richmonds Restaurant.

# MyMyerscough

## Welcome to our Course Advice Day and Applicant Showcase

I am delighted to welcome you all on to campus today.

As many of you will know, I became Chief Executive and Principal of Myerscough in 2023 and I truly hope you will all be welcomed today as warmly as I have been over the last year.

It is a great honour and a privilege to be able to lead the next chapter of Myerscough's success and one that I am hugely excited about. Playing a role in Myerscough's future not only strengthens my passion for land-based education, but also embraces a heartfelt family connection as my wife and two sons all hugely benefitted as former students of Myerscough.

Today offers prospective students a great introduction to Myerscough College and University Centre. It provides an ideal opportunity to learn more about the subjects we offer and the exciting career routes open to our students.

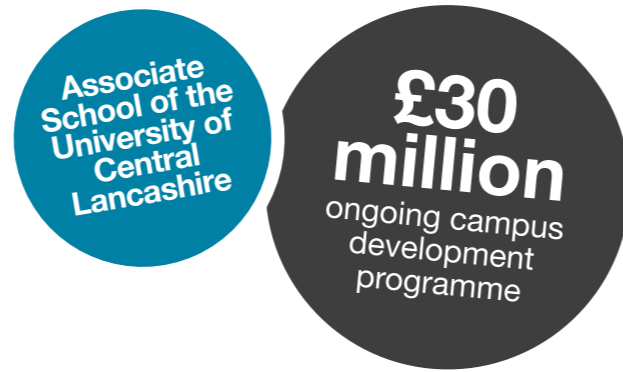

Course tutors are available throughout the event for group talks, individual discussions and displays, as are staff from all our support teams.

If the weather is on our side, I encourage you to have a walk around the campus and take a look at the extensive range of facilities available to our students. Campus maps are included in this programme.

I hope to be able to meet many of you in person today and please feel free to come and say hello if you see me around the campus.

Enjoy your day and we hope to see you back again soon.

Wes Johnson  
Chief Executive and Principal

### Advice Day Registration

We encourage all students to register online before the Advice Day via the 'What's On' section of our website. However, those that haven't done can still register at the reception desk in our Richmonds Restaurant. Staff will be available if you have any queries about registering. By registering it allows us to be more efficient and speedy in getting you to the most appropriate subject talks in the correct room! Our reception team comprise College staff and current students.

They will provide any course literature that you require and also guide you to the areas for each subject team. It helps us greatly if you could also supply your home address and, if you have one, your current e-mail address. We promise not to bombard you with information or junk mail but we would like to keep you informed of any new course developments and any special events that we host.

### Student Services Admissions, Learning Support, Finance and Transport

As well as course tutors from the various subject teaching areas, you can also speak to staff from our Student Services team who are based in Richmonds Restaurant and the adjacent Teaching Block and Student Hub. These include representatives from Admissions and Student Services (Richmonds), Inclusive Learning (Teaching Block), Accommodation (Student Hub), HR (Richmonds Restaurant), Transport (Teaching Block) and Student Finance (Teaching Block). They will be able to provide information on aspects as diverse as College transport and accommodation, application procedures, course fees, learning support opportunities and student finance.

### CollegeWelcome Talk

Everybody can watch our welcome and overview by our Director of Marketing, Stuart Davidson, via the event page under the 'What's On' section of our website [www.myerscough.ac.uk](http://www.myerscough.ac.uk).
